PRINTABLE PDFs and INTERACTIVE DIGITAL VERSIONS included

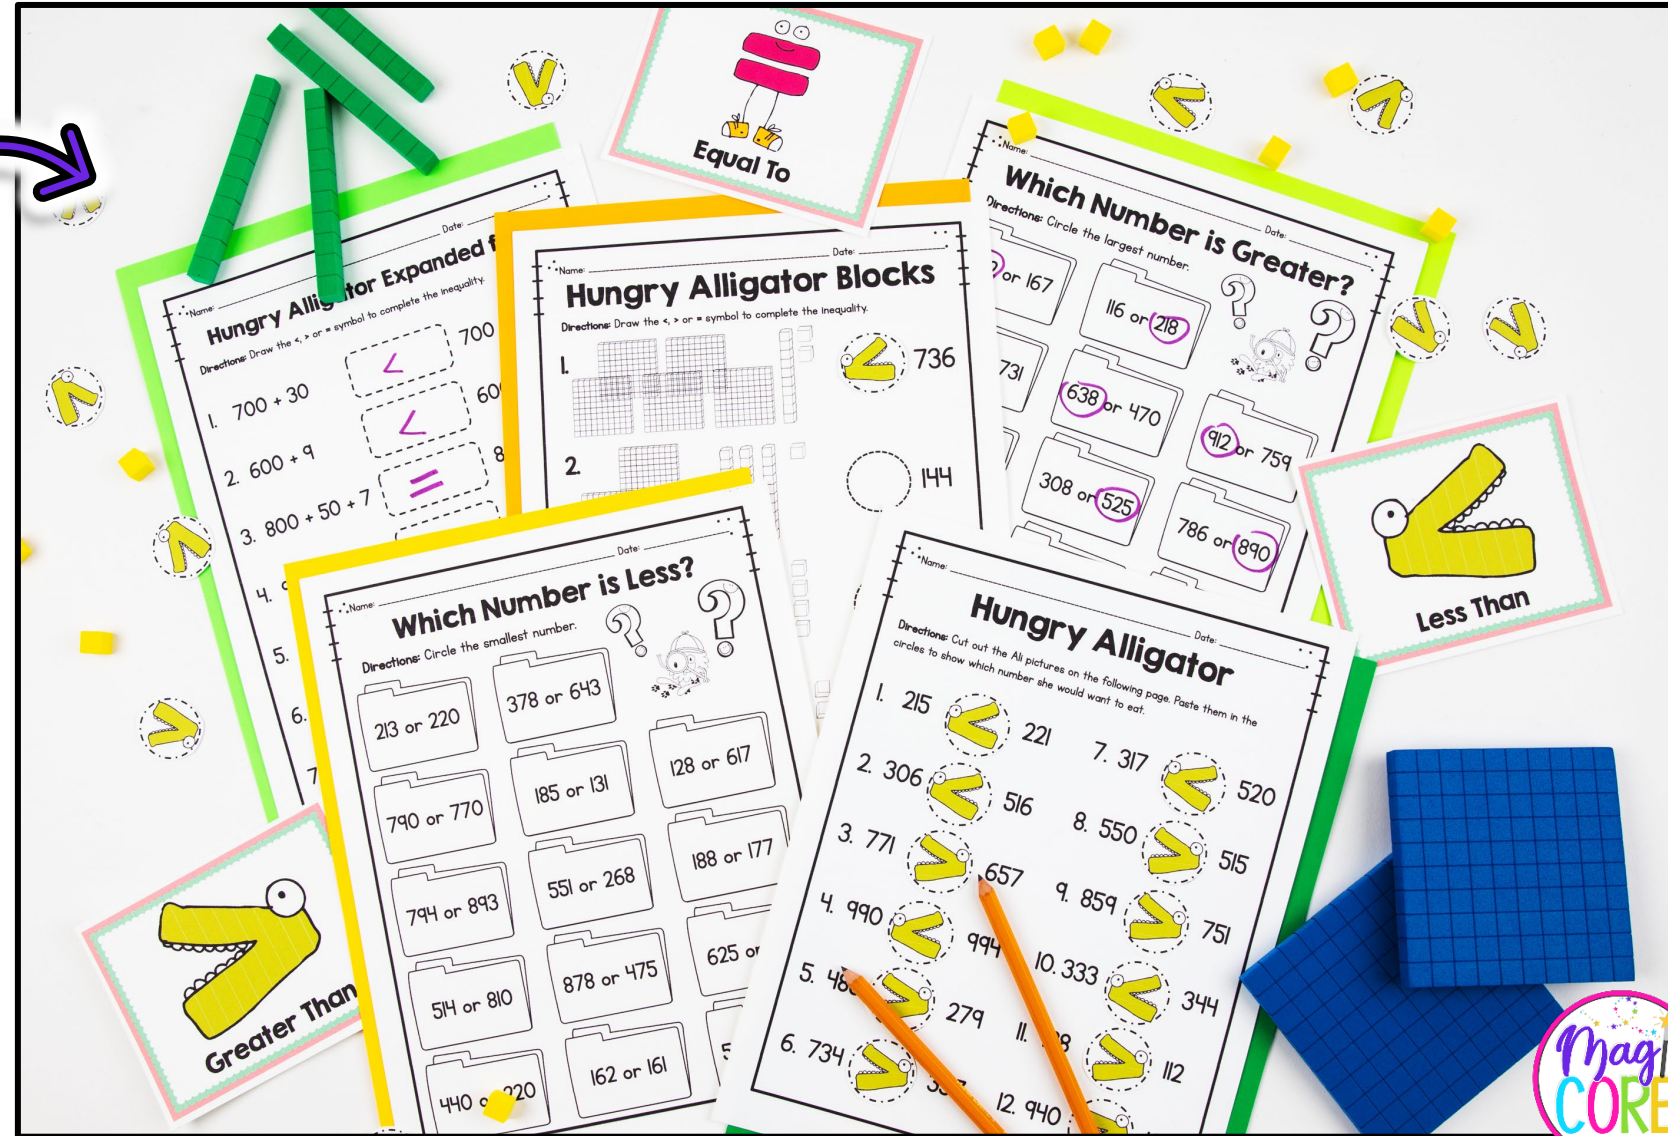

- Comparing Numbers with standard form, place value blocks, and expanded form
- Mini-book and Unit Assessment
- AND links to interactive digital versions

Printable & Digital Links Included

STANDARD ALIGNED ACTIVITIES

- Fun and aligned activities.
- Variety of worksheets and hands on engagement.
- Greater Than, Less Than, and Equal to using standard form, place value blocks, and expanded form.

ORIGINAL SONG

- Original songs and videos to keep students engaged!
- Reinforces comparing numbers skills.
- Mirrors Anchor Chart.

Ali the Alligator

Hey, hey, hey, what do you say?
All the alligator is hungry today!
And she munches on numbers yum yum me
But Ali only eats the larger one you see
Not the numbers that are less than or equal to
So, we have to compare every number at the zoo
If you pick the right one, she will open her mouth
Here are a few numbers let's try it out!

32 is greater than 18 you see
Ali is gonna be hap hap happy
41 is equal to 41
It is not more than, so she says uh uh
And 74 is less than 92
Ali won't eat that it just won't do

So now you know what Ali likes
Any greater number she'll take a bite
It's up to you to make sure Ali eats
And the larger numbers are her favorite treat
It can't be smaller or even the same
She is way too hungry to play that game
Let's compare more numbers and find her some food
Just look at them both and you know what to do

18 is less than 41
Ali turns her head and just sits in the sun
68 is greater than 29
Ali says oh please and eats all this time
And 81 is equal to 81
They are the same, you know she's gonna say un unh (no way)

The number has always got to be greater
That's how you feed Ali the alligator!

ANCHOR CHART

- Anchor Chart to teach and break down the skill.
- Perfect to add into student folders or journals.
- Provides visual guidance on comparing numbers.
- Explanation and modeling of greater than, less than, and equal symbols

DIGITAL VERSION

- Google Classroom Friendly!
- Interactive Google Slides for practicing comparing numbers.
- Students stay engaged while demonstrating mastery online.
- All the elements of the printed version, but on Google Slides.

Comparing Numbers Quiz

Directions: Draw the $<$, $>$ or $=$ symbol to complete the inequality.

1.  736

2.  144

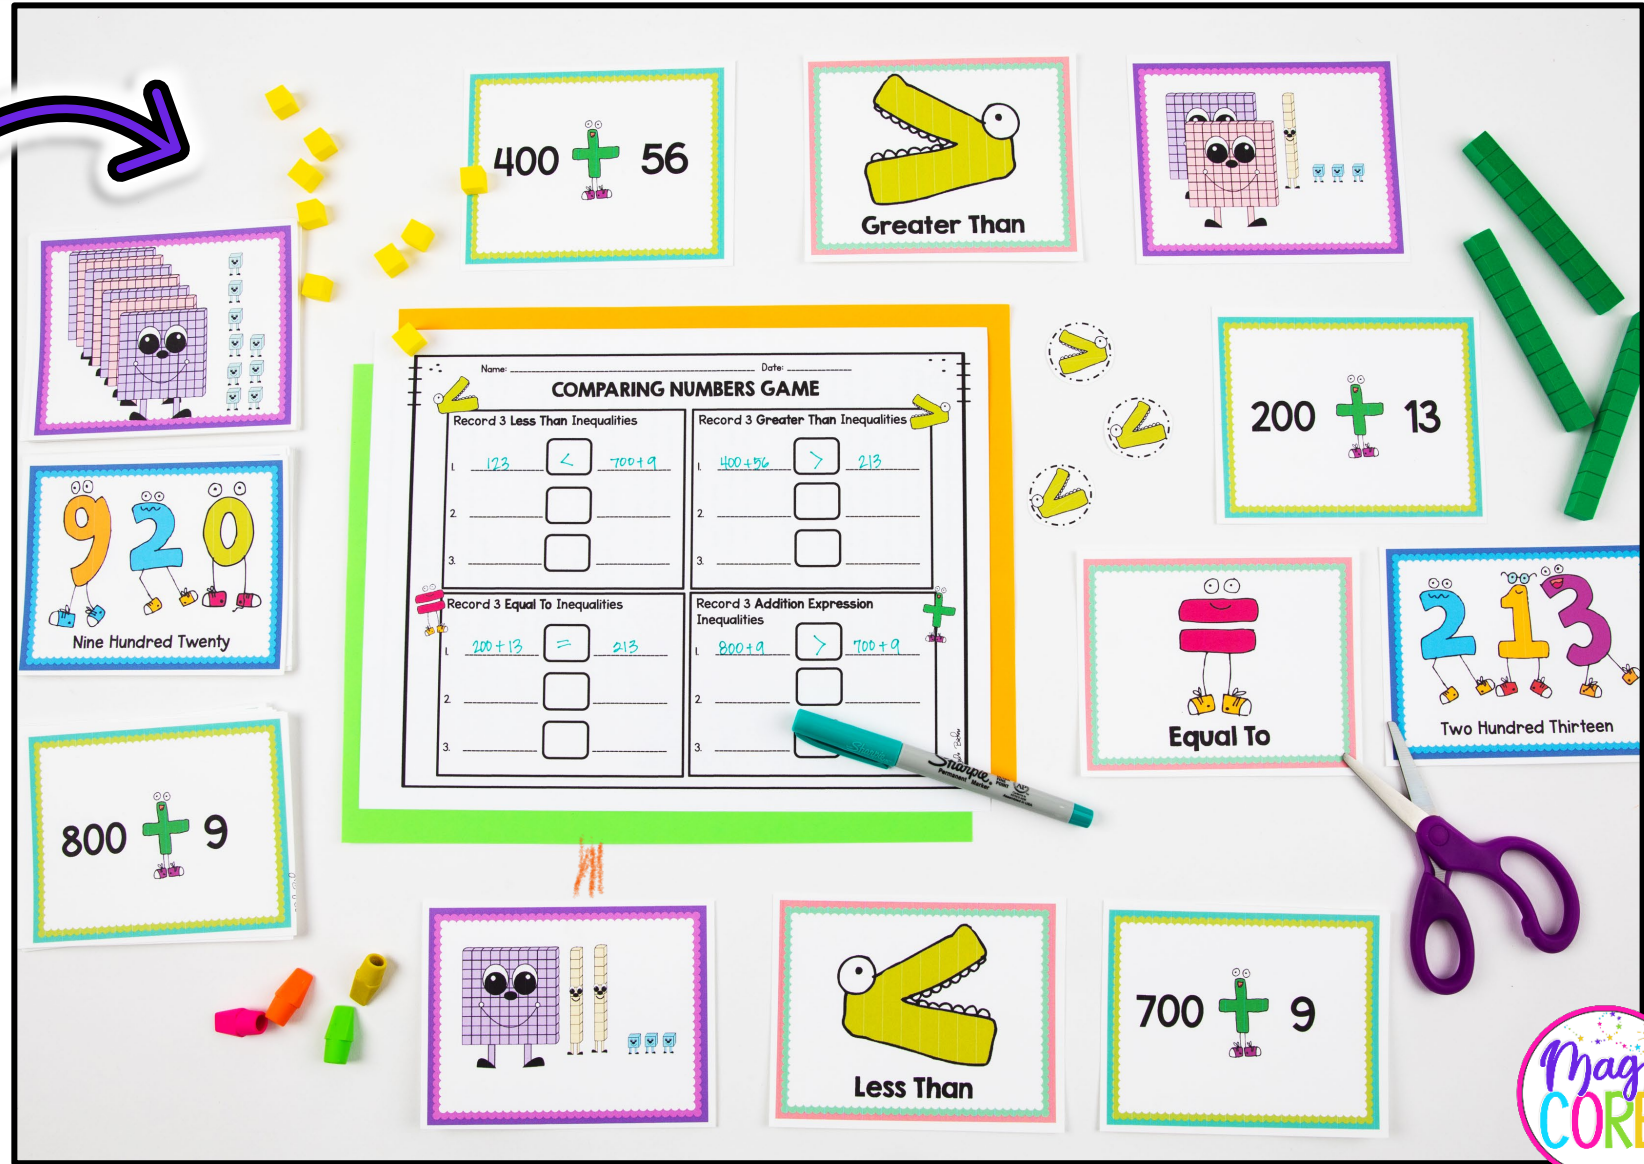

3. 937 937

4. 458 480

ENGAGING CENTER GAME

- Greater Than, Less Than, or Equal to Game.
- Game can be utilized and played throughout the year!
- Designed to be played individually, in pairs, or groups.

TAKE A PEEK

Great Than - Less Than Class Set

Comparing Numbers Quiz
Directions: Draw the <, > or = symbol to complete the inequality.

COMPARING NUMBERS GAME
Record 3 Less Than Inequalities
Record 3 Greater Than Inequalities

Which Number is Less?
Directions: Circle the smallest number.

Ali the Alligator
Here they are, what do you say?
Ali the alligator is hungry today!
But Ali only eats the larger one you see.
So, we have to compare every number of the row.
If you pick the right one, she will open her mouth.
Here are a few numbers let's try it out!

Hungry Alligator Blocks
Directions: Draw the <, > or = symbol to complete the inequality.

Which Number is Greater?
Directions: Circle the largest number.

Less Than

Greater Than

Equal To

Hungry Alligator Expanded form
Directions: Draw the <, > or = symbol to complete the inequality.

Comparing Numbers
To compare numbers, look to see if the number is greater than or less than another number.
Ali the alligator is ALWAYS hungry. She wants to eat the larger number.
She will only open her mouth for the largest number!

321 181 411 411 741 921
321 is greater than 181. 411 is equal to 411. 741 is less than 921.

Write the greater than, less than, or equal to symbol below.

AND ANOTHER PEEK
