All About Large Breed Dogs

Lexile: 640

Large breed dogs make a family. There are many types of large different breeds and temperaments. Some make excellent guard dogs, while others are gentle giants.

Types of Large Breed Dogs

The Great Dane: One of the largest dog breeds, Great Danes can weigh between 150 and 250 pounds. They were originally bred as guard dogs. Nowadays, their size and loud bark make them excellent guard dogs. This breed is known as the "gentle giant" because they are known for being gentle and loving. They get along well with other people and animals.

Childhood

Roberto Clemente was born on September 18, 1918, in Puerto Rico. He was the youngest of seven children. Roberto grew up in poverty, so he worked in the sugar fields to help his family. When Roberto was very young, he had a love of baseball. When Roberto was 15, he played baseball for Puerto Rico's amateur team.

The Beginning of a Career

When Roberto was 18, he was offered a contract to play baseball. Two years later, Roberto moved to Canada to play baseball with the Montreal Royals. Roberto sat on the bench most of this year. Pirates noticed Roberto, and he was traded to the Pittsburgh Pirates the next year.

Major Leagues

Roberto began playing with the Pittsburgh Pirates. He struggled with people judging him because of his Puerto Rican background. Roberto stood up to his teammates and became friends with other players who were also Puerto Rican. Despite the discrimination Roberto faced, he became a star player. In the 1950s, he was one of the best players in the Major League All-Star team.

Pittsburgh Pirates

ABOUT LEXILE LEVELS

MagiCore Learning, LLC is a certified Lexile® Partner. These texts are officially measured and approved by Lexile and MetaMetrics® to ensure appropriate rigor and differentiation for students.

The Lexile Framework® for Reading measures are scientific, quantitative text levels. When the Lexile of a text is measured, specific, measurable attributes of the text are considered, including, but not limited to, word frequency, sentence length, and text cohesion. These are difficult attributes for humans to evaluate, so a computer measures them.

Common Core State Standards uses Lexile level bands as one measure of text complexity. Text complexity ranges ensure that students are college and career ready by the end of 12th grade. Lexile measures help educators scaffold and differentiate instruction, as well as monitor reading growth.

| Grade Band | Lexile® Bands Aligned to Common Core Expectations |
|------------|---|
| K-1 | 190L-530L |
| 2-3 | 420L-820L |
| 4-5 | 740L-1,010L |
| 6-8 | 1,185L-1,385L |

Keep in mind when using any leveled text that many students will need scaffolding and support to reach text at the high end of their grade band. According to Appendix A of the Common Core Standards, "It is important to recognize that scaffolding often is entirely appropriate. The expectation that scaffolding will occur with particularly challenging texts is built into the Standards' grade-by-grade text complexity expectations, for example. The general movement, however, should be toward decreasing scaffolding and increasing independence both within and across the text complexity bands defined in the Standards."

Major Leagues

Roberto began playing with the Pittsburgh Pirates in 1955. He struggled with people judging him because of his race. Also, he did not know much English. Roberto stood up to this discrimination. He also became friends with other players who were treated unfairly due to their race.

Despite the discrimination Roberto encountered, his talent spoke for itself. In the 1960s, Roberto earned National League All-Star every year except for 1968. He also won two World Series MVPs with the Pirates. In 1971, Roberto won the World Series MVP.

Personal Life

In 1961 when Roberto was thirty years old, he married Vera Zabala. They had three children. Roberto spent his off-season doing charity work.

Death

One of Roberto's charity projects included helping Nicaragua after a huge earthquake. Roberto decided to take a flight to help the survivors. Tragically, the airplane crashed. Roberto was never found. After his death, Roberto was inducted into the Baseball Hall of Fame. The Roberto Clemente Award was also created. Each year, an outstanding baseball player who is involved in the community receives this award.

The Great Plains Native Americans

The Great Plains Native Americans were a group of Native Americans who lived on the **Great Plains** and **prairies** in the United States and Canada. There were over 30 Great Plains **tribes**.

History of The Great Plains Native Americans

Nomads

Many of the Great Plains native tribes were **Nomads**. This means that they traveled from place to place. The Great Plains nomads were hunters and gatherers. They followed the **migration** of buffalo. They depended on buffalo for food, clothing, shelter, and tools. These natives lived in **tippees**. This is because teepees were easy to put up and take down. When horses were introduced to the Plains, the Great Plains Natives used their horses to help them with their frequent travel. Horses helped these people travel faster and farther.

Painting of Plains Native Americans at battle from 1899

War

In the 1500s, the Plains Indians were peaceful. They had friendly contacts with the Spanish. Later when the Spanish colonized New Mexico, the Spanish began raiding the natives. This caused the natives to become defensive. They began to raid the Spanish colonies and other Plains tribes. War began to become part of their culture.

Locations of Plains Tribes

Roles of Men and Women

Plains Indian women and men had different gender roles. The women owned the family home and all of their belongings. Women would tan hides, take care of crops, gather food, cook, and care for children. Traditionally, men held political and religious power. Men also were in charge of hunting, war, and making weapons.

Many Great Plains tribes carry out their culture and traditions today. While they do not live the same way they did hundreds of years ago, their culture and history is still alive.

The Great Plains Native Americans

The Great Plains Native Americans were a group of Native Americans who lived on the **Great Plains** and **prairies** in the United States and Canada. There were over 30 Great Plains **tribes**.

History of The Great Plains Native Americans

Venus

Venus is a planet. It is the second planet from the sun. Venus is named after a goddess. Venus is bright and beautiful.

Description

Venus is Earth's twin. Venus and Earth are similar sizes. They have similar masses. Both planets are rocky. Venus has a **dense atmosphere**.

Venus is hot. Venus is the hottest planet. Venus has a lot of clouds. Venus is dry. It is like a desert. There are volcanoes on Venus.

Photo of Venus taken from a spacecraft

Venus's Orbit

Venus **orbits** the Sun in 225 earth days. A year on Venus is 140 days less than a year on earth. Venus **rotates** on its **axis** slowly. It takes 243 earth days for Venus to rotate. A day on Venus is longer than a year on Venus!

Venus Facts

| |
|------------------------|
| Distance from the sun: |
| 67,237,910 miles |
| Gravity: 0.9 |
| Moons: None |

Watching Venus

Venus is the second brightest thing you can see from earth. The moon is brighter. Sometimes Venus can be seen during the day.

Venus is an amazing planet. Look for Venus outside!

Glossary

- atmosphere:** the gases surrounding a planet
- axis:** imaginary line that a planet rotates
- dense:** thick, heavy
- mass:** how much matter is in an object
- orbit:** the curved path of an object around a star, planet, or moon
- rotate:** to move in a circle around a center
