Elephants

African Elephants

Directions: Explore this link to learn more about elephants. Label each part of the elephant's body.

Click here to take a quiz about how each body part is important to the African Elephant. Enter your score.

Integrates Reading

Elephants Never Forget

The elephant's memory goes beyond just rote memorization. They have highly developed brains and are capable of problem solving and empathy. Watch the video to learn about their amazing brains. Then, write in your journal what you think is the most interesting thing elephants can do because of their amazing brains.

Engaging & Educational Media

Living with Elephants

Directions: Watch the video to see a hotel where you can interact with elephants up close and personal. Jot down your observations in your journal. Would you want to stay somewhere like this? Why or why not?

African Elephants vs Asian Elephants

Directions: Click the trunks to learn about the differences between African and Asian elephants. Then, label the trunks and complete the chart.

Copy and paste the stamp into your scrapbook.
