Ways to Use Task Cards

- Centers
- Scoot: Pass out one card for each student. Set a timer and say, "scoot!" when the timer goes off. Students move seats to the next card. They continue to rotate until they are back at their original seat.
- Scavenger Hunt: Hide cards around the room. Students search for cards and answer them.
- Jenga: Number Jenga blocks. Students stack the blocks, then take turns pulling blocks. Students answer the corresponding number card.
- Whole class practice: Teacher displays card on the projector. Students answer on mini white boards.
- Exit Tickets: Give each student a task card at the end of the lesson. Have them answer on a sticky note.
