

AUTHOR'S CLAIM

task cards

3rd GRADE

I Author's Claim
Owning a pet makes people happier. A recent study analyzed the faces of pet owners on social media. It gave the emotions on the human faces a score from 0 to 100. The results showed that owning a pet increased happiness by about 22% globally. This could be due to the companionship that pets offer people. People who aren't lonely are happier. Pets also make people more active. This makes them healthier. People with pets tend to have lower blood pressure, heart rate, and heart disease risk than people without pets. Feeling healthy leads to happiness too. Animals have been shown to calm stress, fear, and anxiety in humans as well. If you're looking to be happier, get a pet.

What is the author's claim?

- a. Pet owners are happier.
- b. Pets are happier.
- c. Owning a pet makes people more responsible.
- d. Getting a pet makes people more responsible.

Author's Claim

A cartoon illustration of a young girl with red hair, wearing a blue shirt and red skirt, sitting on a red stool and pointing upwards with a green pointer.

II Author's Claim
You should always wear a seat belt. It keeps you safe while riding in a vehicle. In 2020, seat belts saved about 15,000 lives. Buckling up keeps you secure in your seat. Not buckling up can cause you to be hurt from the car in a crash. This causes serious injury or death. Air bags alone don't offer enough protection either. You can actually die if the air bags inflate while not wearing a seat belt. Forty states have laws requiring people to wear seat belts. Not wearing one gets you a ticket. The smart choice is to wear a seat belt.

How does the author develop the claim that you should wear a seat belt?

- a. by explaining the invention of the seat belt
- b. by describing what it's like to wear a seat belt
- c. by telling a story about wearing a seat belt
- d. by listing reasons wearing a seat belt keeps you safe

24 Author's Claim
Lego is the best toy ever invented. It's made by the world's largest toy company. The Lego Group has been around for over 90 years. Lego building sets are nearly indestructible. This makes them a long-lasting toy for kids. Lego toys have been shown to help children develop motor skills. They encourage problem solving and creativity. They have benefited people with different ability levels by being used in therapy programs. Legos have also been used in teaching. They have inspired a number of scientific inventions. Lego's themed kits, such as Star Wars and Super Heroes, have allowed fans to add to their collections too. There's no limit to the fun Legos can provide.

Which piece of evidence could be added to support the author's claim?

- a. Legos help children develop social skills as they build with friends.
- b. Legos are more expensive than many other toys for kids.
- c. Legos hurt if you step on them with bare feet.
- d. Some Lego sets have weapons such as swords and ray guns.

Ways to Use Task Cards

1. **Centers**
2. **Scoot:** Pass out one card for each student. Set a timer and say, “Scoot!” when the timer goes off. Students move seats to the next card. They continue to rotate until they are back at their original seats.
3. **Scavenger Hunt:** Hide cards around the room. Students search for cards and answer them.
4. **Jenga:** Number Jenga blocks. Students stack the blocks then take turns pulling them. Students answer the corresponding number card.
5. **Whole-Class Practice:** Teacher displays card on the projector. Students answer on mini whiteboards.
6. **Exit Tickets:** Give each student a task card at the end of the lesson. Have them answer on a sticky note.

1 Author's Claim

Owning a pet makes people happier. A recent study looked at the face pictures of pet owners on social media. It gave the emotions on the human faces a score from 0 to 100. The results showed that owning a pet increased happiness by about 22%. This could be due to the companionship pets give people. People who aren't lonely are happier. Pets also make people more active. This makes them healthier. People with pets tend to have lower blood pressure, heart rate, and heart disease risk than people without pets. Health leads to happiness too. Animals have been shown to calm stress, fear, and anxiety in humans. If you're looking to be happier, get a pet.

What is the author's claim?

- a. Pet ownership makes people more responsible.
- b. Pets are expensive to own.
- c. Owning a pet makes people happier.
- d. Getting a dog will make you happy.

2 Author's Claim

Are you forest bathing? You should be. Forest bathing is spending time in nature. Forest bathing is a Japanese practice. It is not a power hike on uphill trails. It's a slow-paced stroll through the woods. Forest bathers take the time to notice wildlife. They breathe deeply. They enjoy being outside. Forest bathing has many benefits. Forest bathing has been scientifically proven to increase immunity. This helps avoid illness. It decreases the risk of cancer and heart attack. Walks in nature give you more energy, help you sleep better, and boost your mood. You are guaranteed to feel better after a good forest bath.

Which evidence does the author supply to support the claim that you should be forest bathing?

- a. The author lists the benefits of forest bathing to your health.
- b. The author provides examples different ways to forest bathe.
- c. The author includes quotes from famous forest bathing experts.
- d. The author gives suggestions of where to forest bathe.

3 Author's Claim

It is important to search for new planets in space. Those planets could support life. Planets could orbit a stable star (like the Sun) and have liquid water. Padi Boyd is an American astrophysicist who works for NASA. She says we could learn if we alone in the universe. This could change the way we think about ourselves. We'll know if Earth isn't the only place where life exists. We could also learn more about how planets that have life are formed. We could study what they are made of. We don't want to miss a chance to change human history... and our future.

What is the main reason the author claims that it is important to search for new planets?

- a. We could become famous for discovering new planets.
- b. We could answer the question "Are we alone in the universe?"
- c. We could learn more about Earth by finding new planets.
- d. We could live on these new planets if something happens to Earth.

4 Author's Claim

Playing sports is good for children. It helps children keep a healthy weight. The CDC reports that the rate of obesity for children and teens has risen to 22% since the COVID-19 pandemic. Becoming active with a sport could help to lower this rate. Sports also improve mental health. Sports boost how children feel about themselves. They also reduce stress and anxiety. Social skills are developed while playing sports too. Children have to practice teamwork, communication, and sportsmanship. Studies have also shown that students who play sports do better in school. Sports are a fun experiences as well.

What evidence does the author supply to support the claim that playing sports offers many benefits to children?

- a. The author lists the many benefits of playing sports.
- b. The author tells about personal experiences with playing sports.
- c. The author gives examples of different sports to play.
- d. The author includes quotes from school sports coaches.

Terms of Use

How Can I Use This Resource?

Thank you for trusting MagiCore. Our mission is to create resources that support teachers and promote student success. Please note that this resource is licensed for use by a single teacher in a classroom setting. If you need to use this resource with more than one teacher and/or across multiple classrooms, additional licenses are available at a discount. You can purchase additional licenses by visiting your TPT "Purchases" page and then selecting "Download Additional Licenses" or by contacting me at julie@magicorelearning.com.

Good to Go

Not O.K.

- Use this resource personally or with your own children
 - Use this resource in your own classroom with your students.
 - Provide this resource to your students to use at your instruction.
 - Print and/or copy for use in your own classroom.
 - Provide printed pages to a substitute teacher with the sole purpose of instructing your students.
 - Share with your students via a secure document portal or electronic learning platform that requires individual user verification and limits access to only the students in your own classroom (e.g. Google Classroom)
 - Review this resource with others with the sole purpose of recommending it to others for purchase, provided you share one of the links below:
- Share with others to use personally.
 - Share with others to use in another classroom.
 - Print or copy any page(s) and distribute them to other teachers or other classrooms.
 - Publish or host online in a manner where any of the material is accessible to anyone who is not a student in your own classroom, including but not limited to personal, classroom, or district websites that are accessible to the general public.
 - Use this resource commercially (e.g. Outschool).
 - Publish, sell, or otherwise distribute this product to anyone in manner inconsistent with these terms of use.
